**Large Business Memberships**

IDF is not just about bringing new companies to Iberia Parish. A major focus of our efforts is working with existing companies to help them grow and prosper. Since 1984, the IDF has worked with local companies, both large and small, to help them take advantage of tax credits for expansion, job training or to help them overcome other obstacles to growth.

Invest in Iberia Parish's future by becoming a member of IDF. Together we can promote economic growth that will retain and attract business, create jobs, increase our tax base and provide opportunity for your business to grow and prosper. IDF can assist your company with tax credits for expansion, job training programs and other incentives that may be available. We encourage our members to communicate and provide input about issues or opportunities that pertain to the future of Iberia Parish.

IDF is your connection to governmental agencies and organizations with access to resources needed to help your business succeed.
